

National Engineering Industries Achieves Great Place To Work Certification

by *MediaInfoline* - April 4, 2018

National Engineering Industries Ltd (NEIL), India's largest bearings manufacturer and leading exporter today announced that the company is certified as Great Place to Work by Great Place to Work Institute®. NEIL earned this credential for building a high-trust and collaborative culture in the organization. The certification is considered as the gold standard for defining great workplaces and NEIL has successfully accomplished this milestone.

Congratulating the team, **Rohit Saboo, President & CEO, National Engineering Industries Limited**, said, *"We are very proud to receive this honour. Creating an inclusive and high-trust culture has been our key priorities and this certification confirms that we're focused on the things that will continue to make us an exciting place for people to join. I want to extend my congratulations to entire NEI team who helped us attain this goal of building pride in the workplace."*

Commenting on this **Shilpa Kabra Maheshwari, Vice President and Head – Human Resources, National Engineering Industries Limited** said, *"We are proud to see such positive feedback from our team members. Organizations that create a great workplace culture for their employees also perform better. We understand that having a great work environment is critical for long-term success and I'm proud that we are on the right track in developing an organization that provides a healthy work environment, effective management, and innovative policies to foster a high-performance environment."*

Every year, more than 7000 organizations from over 50 countries partner with Great Place to Work Institute® for assessment and recognition program in their journey to create a great workplace culture for their employees. The certification is based on employee ratings of their workplace culture through Trust Index survey which includes the pride employees take in their jobs & company, the level of trust they feel towards leaders and the camaraderie they experience with co-workers. In conjunction with survey, GPTW Institute® also analyses how employees experience the people practices, and the effect they have on their workplace culture through culture audit. The cumulative scores of survey and culture audit entitle organizations for the certification.
