**National Engineering Industries Ltd.**

# About Us

Founded in 1946, NBC is India's first bearings manufacturer and the last word in quality and durability. In 2020, the company acquired leading European manufacturer, Kinex Bearings to further boost its expertise.

80 years since its beginning, NBC remains India's leading bearings manufacturer and exporter. NBC is also the world's only bearings manufacturer to receive the prestigious Deming Grand Prize for Total Quality Management.

### FEATURES:

- Precision bearing pre-load establishes optimal operating conditions for enhanced performance and longevity.
- Enhanced stiffness for a smoother drive and improved vehicle handling.
- Utilization of accurate induction-hardening processes reinforces raceways, preventing hub fractures for increased safety and service life.
- High-strength wheel studs to prevent wheel detachment.
- Optimized for load distribution, reduced friction, and enhanced bearing ability to handle both axial and radial forces.

- High quality lithium base grease for excellent thermal and structural stability in Automotive applications.
- Contains corrosion inhibitors with oxidation additives for excellent water resistance and superior protection in challenging environments.
- Good viscosity based on smooth & buttery structure with NLGI Grade :3
- Provides long life and low friction to bearing
- Specially formulated to give long and noise proof service life to ball and roller bearings in automotives, electric motors, pumps and various industrial applications
- GEL grease made from oils suitable for all types of light and heavy commercial bearing applications
- Have good thermal stability and high degree of resistance to oxidation in challenging environment
- The bearing is resistant to water and provide protection against rusting and corrosion
- Provides excellent structural stability
- Used in all types of industries as Multipurpose grease

## Handling and Storage

**Store in a clean & dry area away from heat and open flame.**

**\* Note : NBC recommends to clean the application area and all grease should be removed from the application prior to changing greases.**

## Lubricants

NBC offers a comprehensive range of premium quality lubricants designed to meet the diverse needs of automotive and industrial applications. Crafted with precision and care, our lubricants are formulated to deliver superior performance and protection in even the most demanding operating conditions.

### Pro Range - Engine Oil

## Triple Lip Sealed Unit Bearings

NBC introduces new Triple Lip (R3) seal option for unit bearings, now offering even better bearing protection. The material is nitrile rubber with three lip sealing pressed in the outer ring. This makes our set screw bearings tough enough to withstand high pressure wash down industrial applications.

Triple lip seal protects the bearing in severe conditions involving dust, sand, water, or slurry.

### Key Features

- 1 **Triple-seal** for protection from severe conditions involving dust, sand, water, or slurry ensuring longer bearing life.
- 2 **Special lip** for superior waterproofing and dust proofing.
- 3 **Reduces maintenance cost** with reduced interval of re-lubrication thereby avoiding replacement.
- 4 **The triple-sealed bearing unit comes with 'balled setscrew'** for greater resistance to loosening due to vibration.
- 5 **Interchangeability-** The triple lip sealed bearing unit conforms to the ISO standard for UC-type bearings.
- 6 **To compensate for misalignment** the spherical fit of the insert bearing outer diameter and

### Applications

- 1 Steel, Casting and plating plants
- 2 Textile
- 3 Agriculture
- 4 Food processing
- 5 Washing unit
- 6 Construction

Cut Section

### Grease specification

Bearings are filled with Li – based mineral oil grease for general industrial applications. Consult NBC Application engineering for more

## Tools

Introducing our new NBC Tools, expertly designed to simplify bearing maintenance and lubrication, combining efficiency and durability for seamless operations.

### Grease Gun

#### Benefits

- Robust and value for money grease gun - for general purpose lubrication across all sorts of applications
- Drop resistant steel head with bulk loader valve
- Soft rubber grip on lever handle for comfortable use
- Durable powder coated finish
- Develops up to 6000 PSI
- Capacity 500 grams

### Bearing Puller

(3 Jaw - 3 Ton)

#### Benefits

- Bearing Pullers are used for external & internal pulling of bearings
- Forget chrome vanadium jaws with long & short reach options
- Heat treated alloy steel across bolt & head for maximum strength
- Rolled spindle threads for higher strength & smooth movement even under high stress
- 3 Jaw option ensures equal load distribution to slide bearings without damage

### Grease Pump Bucket

(6kg - 13 lbs.)

#### Benefits

- Robust grease pump bucket-for general purpose lubrication across all sorts of applications
- Develops : 4,000 PSI (275 Bar)
- Capacity : 6 Kg (13 lbs.)

## The NBC Bearings: Product, Technology & Services

NBC provides a wide range of bearings and associated service solutions to diverse industries such as Industrial, Automotive, Railways, and Aerospace. As a company that has been established for over 80 years, NBC Bearings has an international presence with offices and R&D centers across the globe. For us, engineering goes beyond manufacturing-it is the fusion of Product, Technology, and Services that make us different and the most preferred choice of our customers worldwide.
